Birmingham, Columbus & St. Andrews Railroad Co.

Columbus, Ga. June 23rd. 03.

Mr. G. M. West,
Chicago Heights, Ills.

Dear Sir:-

Refering to your recent communications to Dr. C.E.Booth, will say that we have let the construction of this road to a New York concern who will operate it during construction. On it s completion it will be turned over to our board of directors to operate. Our president and his assistant have just left for Chipley, Fla. to push the work of surveying and grading the old roadbed. The rights-of-way have been guaranteed and nearly all deeded from Chipley down.

From what I have learned of your ability in the Railroad line, and knowing your desire to be with your family at the Bay, I will take pleasure in aiding you in making a satisfactory arrangement with the Construction Co with the idea of continuing same.

very truly yours,

D B Jones
Pres

Please give me your views as to position & salary. I speak only for myself at present.
